

## Wabasha Main Street

### Adopt a Planter Program 2021

The Adopt a Planter Program is an expansion of the existing planters currently on Main Street and Pembroke Avenue. The goal is to add large planters in the **Wabasha Main Street District** to have our downtown decorated throughout the year. The planters will be filled seasonally with natural plantings or greenery. Thank you to the **City of Wabasha** for co-sponsoring this project and maintaining the beautiful planters in our historic downtown.
